

# EDMOND PARKS AND RECREATION

## SUMMER CAMP GUIDE 2020

### Teams of Tomorrow Camps

Register at [www.teamsoftomorrow.com/TOTNorman](http://www.teamsoftomorrow.com/TOTNorman)

#### **Teams of Tomorrow Dinosaur Camp**

Your child is going to have an “Out of this World” experience during TOT Space Kamp. Students will learn many fancy ball handling skills while they explore the universe during each class and make cool crafts. Children must be potty trained.

Ages: 3-6

Min/Max: 4/12

W-F	June 17 – June 19	9:30 a.m. – 12:00 p.m.	\$125.00
-----	-------------------	------------------------	----------

#### **Teams of Tomorrow Space Kamp.**

Your child is going to have an “Out of this World” experience during TOT Space Kamp. Students will learn many fancy ball handling skills while they explore the universe during each class and make cool crafts. Children must be potty trained.

Ages: 3-6

Min/Max: 4/12

W-F	July 15 – July 17	9:30 a.m. – 12:00 p.m.	\$125.00
-----	-------------------	------------------------	----------

### Children’s Visual Arts Academy Camp

Register with Edmond Parks and Recreation

#### **Focus on Photography Camp**

Focus on Photography is a hands-on summer camp that inspires your youth or teen with visual art activities, community building, museums field trips, and more! Your child will learn aspects of the camera digital and film, composition, rule of thirds, action images, along with other fun activities that will keep your kiddo engaged and happy.

*We will take regular field trips, for those trips campers will be required to bring \$10*

Ages: 7-17

Min/Max: 2/10

T-F	May 26 – May 29	9:00 a.m. – 4:00 p.m.	\$150
M-F	June 1 – Jun 5	9:00 a.m. – 4:00 p.m.	\$150
M-F	Jun 8 – Jun 12	9:00 a.m. – 4:00 p.m.	\$150
M-F	Jun 15 – Jun 19	9:00 a.m. – 4:00 p.m.	\$150
T-Th	Jun 22 – Jun 24	9:00 a.m. – 4:00 p.m.	\$150
M-F	Jul 6 – Jul 10	9:00 a.m. – 4:00 p.m.	\$150
M-F	Jul 13 – Jul 17	9:00 a.m. – 4:00 p.m.	\$150
M-F	Jul 20 – Jul 24	9:00 a.m. – 4:00 p.m.	\$150
M-F	Jul 27 – Jul 31	9:00 a.m. – 4:00 p.m.	\$150

### Drama Kids Camps

Register with Edmond Parks and Recreation

Drama kids offers exciting summer camps that develop communication, collaboration and self-confidence. These dynamic camp experiences encourage campers to perform to their fullest potential

and equip them with crucial skills that will enable them to have lifelong success! Drama Kids summer workshop camps are perfect for all kids, regardless of experience.

### **The Wonderful World of Wizardry – Half Day Camp**

Master potions and spells at the School for Magic. Prepare for the epic battle against darkness and prove that good triumphs all!

Ages: 6-11 Min/Max: 7/15  
M-FR Jul 13 – Jul 17 9 – 12 p.m. \$175

### **The Whodunit Mystery Camp– Half Day Camp**

Collect clues, examine evidence and follow the trail to the truth. This mystery camp is sure to keep campers guessing!

Ages: 6-11 Min/Max: 7/15  
M-FR Jul 13 – Jul 17 1 – 4 p.m. \$175

DOUBLE THE FUN AND MAKE IT A FULL DAY OF DRAMA! Register for both camps - \$299

### **The Camp Hollywood – Half Day Camp**

Do you have what it takes? Walk the red carpet, shoot a new movie, and we'll help you get ready to be a Hollywood movie star!

Ages: 6-11 Min/Max: 7/15  
M-FR Jul 27 – Jul 31 9 – 12 p.m. \$175

### **The Rockstartopia – Half Day Camp**

Time to rock out! Join your new band to record your newest hit, play a concert for your fans and let your inner Rockstar free!

Ages: 6-11 Min/Max: 7/15  
M-FR Jul 27 – Jul 31 1 – 4 p.m. \$175

DOUBLE THE FUN AND MAKE IT A FULL DAY OF DRAMA! Register for both camps - \$299

### **Kids Can Sew**

**Register with Edmond Parks and Recreation**

#### **Sewing Camp**

You will have lots of fun learning how to sew, thread and operate a sewing machine, cut patterns and more! You will get to take home 3 finished projects made by you. There will be a new project each day.

Ages: 6-18 Min/Max: 2/7  
T-FR June 16 – June 19 3:00 – 4:30 p.m. \$80  
T-FR July 14 – July 17 3:00 – 4:30 p.m. \$80

### **Kindermusik Camps!!**

**Register at [www.MusicalMeInOKC.com](http://www.MusicalMeInOKC.com)**

#### **Disney Mini Musical**

"When You Wish Upon A Star... Makes no difference who you are..." If your child loves Disney and music, this is the camp to register for! The cast will help the kids choose some of their favorite Disney songs and assemble a 20-minute show choir style musical complete with speaking parts and props. Students will strengthen their singing voices through vocal play and exercises as well as learn musical and theatrical terminology. Rehearsals will be full of fun and games, with creative play, instrument play, and snacks included. The performance will be held at 11:30am on Friday! Includes: T-shirt and a prop to take home.

Ages 5-9 Min/Max: 5/10

M-F June 15 – June 19 9:00 – 11:30 a.m. \$130.00

*\*Discounts are available for registering for multiple Kindersmusik camps*

### **ALL KEYED UP! Keyboard Camp**

A Camp Favorite is back! We're All Keyed Up! There is magic to be found in those 88 keys! Immerse yourself in the magic of keyboards of all kinds. Listen to and learn about pianos, organs, synthesizers, and harpsichords. You'll explore staccato and legato sounds, get to know the sounds of a few famous composers, and even experiment with composition. This is the perfect way for a young child to build keyboarding skills needed for formal piano lessons in a fun class-style environment filled with storytelling, games, vocal exploration, musical instruments, snacks and more! Sharing time on Friday with caregivers at 2:40pm. This class is for NEW & BEGINNER piano players! Includes Kindermusik Take Home Materials + Castanets, and a Beginner Piano Book.

Ages 5-9 Min/Max: 5/10

M-F June 15 – June 19 12:30 – 3:00 p.m. \$130.00

*\*Discounts are available for registering for multiple Kindersmusik camps*

### **Mad Science Camps**

**Register at [www.OKC.MadScience.org](http://www.OKC.MadScience.org)**

#### **My First Science Lab**

Become a Mini Mad Scientist! This camp is a half-day program full of a variety of science topics that will excite and entertain young learners! Children explore their sense of sight, sound, smell, taste and touch. They become paleontologists searching for fossils and participating in mini dinosaur dig. Campers explore the science of animals in the wild and under the ground- how they eat, live-and discover how fascinating these creatures are. The forces of the world come together in an exciting day devoted to gravity, inertia and energy. The week ends with an exciting mission to space to explore the planets, moons and stars. Take-home projects are built every day!

Ages: 3-5 Min/Max: 2/10

M-F Jul 6 – Jul 10 9 – 12 p.m. \$170

#### **Nature, Bugs and Blossoms**

Young explorers discover the natural world of bugs, plants and humans! They learn the life cycle of a seed on to a fully-grown plant. They investigate how the sun; the wind and the rain affect life—including not just plants but even creepy crawlies and bugs. They become weather artists using rain and wind as their tools! They explore the life of a caterpillar and discover how it turns into a beautiful butterfly. They make their own bug bracelet. They discover the difference between fruits and vegetables from their own placemats. They then make a mural of a garden with their fellow campers. This camp introduces the children to the beauty and awe of the world they live in!

Ages: 3-5 Min/Max: 2/10

M-F Jun 22 – Jun 26 9 – 12 p.m. \$170

### **Jr. Explorations**

Children explore different topics during this fun five-day camp. They take a trip through the solar system where each student become a Mad Science Astronaut in training. They make a space shuttle to take home. In an 'explosive' session student get introduced to simple chemistry fun. We simulate a volcanic eruption, observe protein molecules in action as they turn into explosive colors, and more. They get fascinated with light and learn how shadows and rainbow colors are made using a rainbow a catcher. They mix colors of light and explore the world of color. Take an imaginary trip to the beach and see how sand is made. Meet creatures that live in the ocean. Examine different shells, a starfish, & a sponge; and see how different sea creatures live. This is a week of fun exploration and discovery!

<u>Ages: 3-5</u>		<u>Min/Max: 2/10</u>	
M-F	Jun 15 – Jun 19	9 – 12 p.m.	\$170
M-F	Jul 20 – Jul 24	9 – 12 p.m.	\$170

### **Coding with Ozobots Bits**

Ozobots bits introduce young campers to coding and robots with the stroke of a marker through color coding. This is a camp of open learning, imagination and endless possibilities for discovery! Activities range from simple to paced challenges. They write their name large and clear, program it with Ozobot codes for their bot to walk on and follow. They go on a mission to deep space and practice free drawing lines and Ozocodes as they race their classmates in a mission to Mars. Campers do cooperative games that teach teamwork and problem solving, such as identifying numbers on cards, learning basic math skills and more. Start them young and early to introduce the innovation and technology of the century.

<u>Ages: 3-5</u>		<u>Min/Max: 2/10</u>	
M-F	Jul 13 – Jul 17	9 – 12 p.m.	\$170

### **Little Agents and Detectives**

Children learn basic skills in observation and problem solving in this fun filled camp on detective science and spying. They learn how to collect evidence and such as fingerprints, shoe tracks, fibers etc. They learn how the importance of good observation when together they work on making face profiles. What is more fun than spying! They learn and work with tools that spies use such as a "spynocular", metal detectors, listening gadgets and more!

<u>Ages: 3-5</u>		<u>Min/Max: 2/10</u>	
M-F	Jun 29 – Jul 3	9 – 12 p.m.	\$170

### **Eureka! The Mad Inventor's Camp**

Inspire the inventor and scientist in you during this week of discovery and invention. Each day children will be given a series of challenges which must be overcome using basic materials, simple machines, tips from world famous inventors and the most important thing of all – your mind! If you were stranded on a desert island how would you survive? You will need to build shelter, find food and purify water, protect yourself and your teammates from the elements and find a way off the island. Journey to the future and examine the ultramodern inventions of the 23rd century. Then design the future - today! Create mini light sabers, mini-space stations, and electric flying contraptions. With a little bit of ingenuity, you'll construct catapults and forts, build Ruberg contraptions that perform simple tasks, and experiment with humanoid robots. Take home projects include ping-pong ball launchers, mousetrap contraption cars, mystery sticks, tubular blow darts, and other wacky contraptions. While Thomas Edison said, "invention is 10% inspiration and 90% perspiration" this camp is 100% FUN

<u>Ages: 7-12</u>		<u>Min/Max: 2/10</u>	
-------------------	--	----------------------	--

scene of a crime. Using the 'whodunit-kit', they can practice their skills of recall and observation—matching character descriptions to reconstruct the face of the culprit!

Look out 007—the Mad Science spy academy is in session! From decoding messages to metal detectors and night vision, children have the opportunity to check out spy equipment and even create their own edible messages! They use the 'secret code breaker' to communicate in code, like real spies. With the 'undercover observer', children step into the shoes of spies in action. It will be a week of camp to remember! Children take home a detective tool at every session.

<u>Ages: 3-7</u>		<u>Min/Max: 2/10</u>	
M-F	Jun 8 – Jun 12	9 – 12 p.m.	\$180

### **Magical and Fizz-ical Science**

Welcome to a fun-filled and magical science camp as children learn a variety of ahhh-mazing exploration of our fizz-ical world! It's one of our new favorites with fast paced experiments one after another in topics like laser light, electricity, super power and energy, and magnets! Create some ahhh-mazing reactions and discover the mystery of chemistry. Watch crystals grow and make fun-tabulous art using shaving cream. Dive into electricity by experimenting with squishy circuits and mini Van De Graff sticks. Learn about power and energy by building chemical batteries and solar powered devices. Use lasers to send music across the room and create holograms. Learn the magic behind magnets by building speakers, levitating magnets, and making magnetic putty. In this camp, you will certainly become a certified "Mad" Scientist! It's a camp so great it's Super-Duper!

<u>Ages: 7-12</u>		<u>Min/Max: 2/10</u>	
M-F	Jul 6 – Jul 10	1 – 4 p.m.	\$180
M-F	Jul 20 – Jul 24	1 – 4 p.m.	\$180

### **Rocking Rockets and Aerodynamics**

This camp takes the children through the principles of flight and aerodynamics. They build airplanes, hovercraft and balloon copters. They discover what makes things fly and how different types of flying devices fly. They explore the role that wind and the movement of air plays on simple flying devices such as kites, hot air balloons and parachutes. What is the Milky Way and how do we know what's up there? Children explore the celestial sphere, learn about celestial navigation and build their own sextant, sundial, planisphere and even a refracting telescope while discovering the wonders of the Milky Way. This is a camp that takes children to exhilarating heights all summer long!

<u>Ages: 7-12</u>		<u>Min/Max: 2/10</u>	
M-F	Jul 6 – Jul 10	1 – 4 p.m.	\$180

### **Brixology: Engineers Shape the World**

Get ready for the Bridges, Bricks, Blast-Off Brigade! Campers step into the shoes of engineers in this Mad Science FUN'gineered camp full of rockets, wacky machines, flying devices, roller coasters, and Bricks! Your future engineer will use their creativity to solve real-world design challenges. Children will have the opportunity to use LEGO® bricks to build engineering-themed projects related to machines and boats. Children will also build skyscrapers and bridges. Blast off a variety of rockets propelled by model engines, air, and water. Discover Newton's Laws of Motion with CO2 powered dragsters and test team car designs on our 8 foot egg crusher apparatus! Campers build and take home engineering projects such as drawing machines, micro-pincher's, a wooden cube puzzle, balloon car, flying fizzler rockets, and

the Wave Rider Boat and Skyroller Zipline cable car that is compatible with campers LEGO® bricks at home! Let the tinkering begin!

Ages: 7-12                      Min/Max: 2/10  
M-F    Jun 29 – Jul 3              1 – 4 p.m.              \$180

### **Chemicals, Cells and Crime**

Get ready for a day in the Mad Science Laboratory! Children turn a lemon into a battery. They discover electrochemical reactions as they electroplate a penny and a nickel. They learn how new compounds are created from chemical reactions. They then take a fantastic trip into “cell city” and the human body. They learn about cells and the different parts and functions of a cell. They investigate the different organ systems and make a gutsy apron and a model lung to take home. They team up with fellow campers to solve the “Great Cookie Caper” crime. They walk the grid and collect evidence to solve the crime. They test their forensic skills to solve the crime and make their own cookie snack. There is so much to explore during the day!

Ages: 7-12                      Min/Max: 2/10  
M-F    Jul 27 – Jul 31              9 – 12 p.m.              \$180

### **Gross and Icky Science**

Welcome to Gross and Icky Science Camp! Be ready for a week of ick-speriments and ick-splorations in chemistry, physics, the science of human body systems and the creepy and crawly animal world. We learn about chemical reactions and polymerization as we make ooey, gooey oobleck and slime. We discover the composition of blood using edible foods, how filtration works in our urinary system using common kitchen materials. Understand osmosis by popping eggs into vinegar and syrup. There are owl pellets to dissect and learn about their diets and slimy worms and how they live to make our ground fertile. This is an absolute week of fun and icky-science!

Ages: 7-12                      Min/Max: 2/10  
M-F    Jun 29 – Jul 3              1 – 4 p.m.              \$180

### **Cartoon Animation**

Get ready to explore the science behind creating cartoons! We start out the week by learning about how our eyes process drawings into movement through the creation of thaumatropes and flipbooks. Campers create their own paper puppet characters and learn how to manipulate the joints and bones of their creations to animate them! They work in teams to create a “humanimation”, a stop-motion video where THEY are the stars! Students mix and create their own clay to form characters for a stop-motion animation! These are just some of the fun activities campers learn and do. At the end of the week, they'll be taking home their animated films and projects to share with family and friends.

Ages: 7-12                      Min/Max: 2/10  
M-F    Jul 20 – Jul 24              1 – 4 p.m.              \$180

### **Youth Tech**

**[Register at youthtechinc.com](http://youthtechinc.com)**

Youth Tech Inc. is an interactive computer camp that focuses on providing enrichment opportunities to students in the world of computers. With a caring environment at the core of camp values, Youth Tech strives to create a positive learning community that encourages creativity, fun and academic excellence. For more information about Youth Tech Inc. please visit our web site at [www.youthtechinc.com](http://www.youthtechinc.com)

### **Animation**

In this class students will learn the basics of animation and digital design. Students who enjoy going to various sites to see fun interactive animations will love this course. This class will utilize award winning animation software. Students will create fun interactive animations that they can share with the world.

Ages: 9-15 Min/Max: 4/10

M-Th Jul 6 – Jul 9 9 – 12 p.m. \$145

### **Roblox Studio-Programming and Game Development-NEW Ages 9-15**

Calling all ROBLOX users! Join in with millions of gamers and immerse yourself in your own 3D world! ROBLOX Studio is a 3D-based program that uses physics, LUA programming, and individual creativity to build a world around you, and your avatar - unlike any other software This course will guide students through concepts such as beginner physics, LUA programming, and game development. Students in this course will build and published their multi-player game to share with friends and family!

Ages: 9-15 Min/Max: 4/10

M-Th Jul 6 – Jul 9 1 – 4 p.m. \$155

### **Movie Makers**

This hands-on, interactive course will instruct students on the world of digital video design and production. Students will film, direct and edit their own digital video creations. Students enrolled in this course amaze their peers with green screen and special effects work.

Ages: 9-15 Min/Max: 4/10

M-Th Jul 15 – Jul 18 9 – 12 p.m. \$145

### **Video Game Design**

This course provides students with a fun interactive look at the world of video game design and development. Students enrolled in this camp will learn the basics of video game design and produce several different interactive video games to share with their friends and family.

Ages: 9-15 Min/Max: 4/10

M-Th Jul 6 – Jul 9 1 – 4 p.m. \$155

M-Th Jul 13 – Jul 15 9 – 12 p.m. \$165 (only 4 spots)

### **Gaming and Coding-NEW Ages 6-12**

This course combines two unbelievable experiences for students, gaming and coding. Students spend the morning taking an interactive look at coding, and building virtual apps to share with friends. In the afternoon, students build simple video games combing the art of video game design and animation to create interactive characters that fly around the screen. Students are encouraged to bring a sack lunch.

Ages: 9-15 Min/Max: 4/6

M-Th Jun 22 – Jun 25 9:30 – 3:30 p.m. \$245

### **iGame Creators Ages 6-10**

Want to create video games? This is an introductory course for younger students who want learn to build and program simple video games. This course combines the art of video game design and animation to create interactive characters that fly around the screen. Amaze your friends and family with your fun interactive games.

Ages: 9-15 Min/Max: 4/6

M-Th Jun 22 – Jun 25 1:00 – 3:30 p.m. \$125 (limited to 4)

M-Th Jul 27 – Jul 30 9:30 – 12:00 p.m. \$125

### **The Gaming Academy**

The gaming academy is an all day course for students who love games. During this course students will be immersed into the world of 2D and 3D game design. The gaming academy is a combination of our Video Game Design, Advanced Game Design and 3D Game Design courses. The course offers students a variety of hands on experience designing and building their very own games. Students are encouraged to bring a sack lunch.

Ages: 9-15 Min/Max: 4/8

M-Th Jul 13 – Jul 16 9 a.m. – 4 p.m. \$300

### **3D Game Design**

This class offers and interactive look at the world of 3D Game Design. This awesome 3D video game design course offers the chance for students to create and immerse themselves in a 3D world. If you are looking to design professional 3D games that both look and feel just like the ones you play at home, then you don't want to miss this course.

Ages: 9-15 Min/Max: 2/4

M-Th Jul 13 – Jul 16 1 – 4 p.m. \$155

### **Web Design and Graphic Design**

This course takes and interactive look at the world of web and graphic design. Students enrolled in this session will learn how to build their own web site from start to finish using award winning suite of products. The learning for this camp does not end at the door students will have access to their web site with free hosting for one year.

Ages: 9-15 Min/Max: 4/8

M-Th Jul 27 – Jul 30 1 – 4 p.m. \$145

### **iCode-NEW Ages 6-12**

This course offers younger students a fun, interactive look at coding. Students will create virtual apps and write their own programs that they can share with friends and family. This course makes learning to code fun and explores problem solving and programming logic. Students will have access to their accounts so the learning does not end at the door. \*\*Students should be able to read prior to taking this course.

Ages: 9-15 Min/Max: 4/8

M-Th Jun 22 – Jun 25 9:30 – 12 p.m. \$125 (4 spots)

M-Th Jul 20 – Jul 23 9:30 – 12 p.m. \$125

### **Application Design-NEW Ages 9-17**

This class offers students a hands-on look at the world of application design and development. This interactive course will instruct students about the design and development of applications and augmented reality. Students will design their own app, which can be shared with friends and family members with an Apple or Android device.

Ages: 9-15 Min/Max: 4/8

M-Th Jul 20 – Jul 23 1 – 4 p.m. \$150
